PAT'S POST

By Pat D'elia

January is GONE! The cold weather is proba-
bly GONE! Wish Covid would be GONE!

The Birthday Party for the guild was a huge
success. Thanks to all who made it happen.
Now we're on to a busy year with many inter-
esting programs and classes in the works. Be
sure to attend these special events and get the
most out of your membership.

The response to the Daytona bus trip has been
very good. It will be fun to get back to some-
thing we have enjoyed in the past. Just a re-
minder: the bus leaves from the church parking
lot at 8:00 am SHARP! Also, it is best to park in
front of the church as opposed to near the
school. We will have several Friendship mem-
bers participating, so be sure to give them a
big "All Stars" welcome.

The Community Service team is gearing up for
a big year. Please continue to make those
beautiful items for donation to our thankful re-
cipients.

A big thanks to the Auditing Committee for
completing their task. Elaine Brett, Jill Kelly
and Ronnie Potter met and examined our fi-
nances. Everything was in line. Ellen Ford has
been doing a great job of handling our funds.

WHO NEEDS OUR MONEY?

It is time to start work on selecting an organization to receive the proceeds from our upcoming quilt raffle. If you have information on a local charity that you would like to see considered, please attend the March board meeting, on March 7, 2022. We will need a brief description of the organization and any written materials that might be available. We usually get several suggestions and narrow it down to three choices for the membership to vote on. Thanks for helping us find out who we can help.

FEATURED QUILTER

By Donna Caldarise

Our featured quilter this month is Joyce Daugherty. Joyce and her husband are from Oklahoma. They raised their two daughters in St. Louis prior to moving to Jacksonville as her husband changed jobs.

They are active volunteers for Habitat for Humanity International. They have volunteered in about half of the United States and 8 other countries. Their deployments have ranged from 2 weeks to 15 months. The longer trips allowed travel, shopping and sampling new foods in each state or country – and language lessons!

Typically, Joyce's answer to where is home, is "Home is wherever my pillow is"! She has lived in Jacksonville for almost 30 years! They moved into their home on the first Monday in August. The movers unpacked a sled and asked "where are you planning on using this?"

Joyce's mother introduced her to quilting when she was a teenager. Her first "real" quilt was a t-shirt quilt for their oldest daughter, made from her favorite high school club and event t-shirts. This was her "Friday afternoon nap quilt so she could snoop with the owls" over the weekend. This quilt is still in use!

Joyce expanded her quilt education with books from the library, classes at All Stars Quilters' Guild and trial and error. Additionally, she learned from Trish Egbert when she became a member of a neighborhood quilting group. She has been a member of our guild for 8 – 10 years. Due to deployments building houses she has not volunteered for a Guild committee. She found out about our guild from Trish Egbert.

Joyce enjoys taking classes, learning new skills and seeing the fascinating quilts that others have created during Sew and Tell each month. She especially enjoys that the monthly meetings have

been on Zoom. She is always amazed at the number of quilts that members make for community service – WOW! She appreciates "How To" classes. Joyce especially likes batiks but finds them hard to cut into.

She is not a member of another guild but has a group of friends who gather to quilt on their own projects and have conversation. They have their own Sew and Tell and share and learn from each other – "How do I do this?" and "What do you think of this combination of fabrics?"

Most of her quilts find their way to other homes. Only a few have been kept.

She is currently hand quilting a quilt of pieced hearts of plaids and batiks. Finding the fabrics took many years. The hearts were hand appliqued on a pieced square. (The blocks were tucked in luggage for several cruises and trips across the country.)

Joyce also enjoys photography, cooking, gardening, travel and of course building houses with Habitat for Humanity. The need for "measure twice, cut once" is equally important in construction and quilting! The end product a house or a quilt brings comfort to those in need.

What we didn't know about Joyce is that she has a "vapors" quilt made by her great, great grandmother. The fan pattern has embroidery on each seam. The quilt was left in her parlor for repose when her great, great grandmother needed a few minutes away from her chores

BUS TRIP TO DAYTONA QUILT SHOW

As in the past, we will be reserving a bus to take us to the AQS quilt show in Daytona. This will take place on **February 25, 2022 (Friday)**.

We will **depart at 8:00 am from the First Christian Church parking lot**, so please **arrive approximately 30 minutes** earlier to check in and get boarded. The bus usually pulls into the Ocean Center at about 9:30. I will have purchased group tickets for us (cheaper), so you will be able to go right in. I will have purchased group tickets for us (cheaper), so you will be able to go right in.

MASKS ARE REQUIRED ON THE BUS.

There is **food court at the venue** or some restaurants within walking distance, if you prefer.

There is a bathroom on the bus, but we will make a **stop at a rest area on each leg of the trip.**

Food and drink is only allowed on the bus if I promise to keep a handle on the mess, so be sure to inform me of any issues, and I will collect trash periodically, as before.

I have invited the Friendship Guild from Orange Park to join us, in hopes of filling the bus and keeping costs down. I think we can get away with only charging **\$30 per person**, as before. This amount will cover the cost of the bus, the driver's tip and the show ticket. Quite a good deal!

Deadline for payment is the February meeting (2/21). You can mail a check to my home if you prefer, made out to All Stars, at 6635 Jefferson Garden Ct. Jacksonville, FL 32258

The return from Daytona begins at 3:00 pm. We will load as soon as the bus pulls up and get on our way, **probably arriving back between 4:30 and 5:00pm.**

Vintage Spools of Thread—Vicki Zoller

Recently a neighbor gave me some vintage spools of thread. These spools are between 50 and 65 years old. The spools are wooden and have stamped or paper labels. One of the spools had an original price of 19 cents! How things have changed! I would not use thread this old in any sewing projects, but they are a nice collectible. There is no cost for the spools. My neighbor is happy to see them go to someone who will enjoy them.

All Stars BOM 2022: Through the Year

February

LINCOLN'S PLATFORM

BACKGROUND

8— $2\frac{1}{4}$ " squares A

4— $2\frac{1}{4}$ x 6" rectangle B

MEDIUM

2— $4\frac{1}{4}$ " squares C

cut once on the diagonal

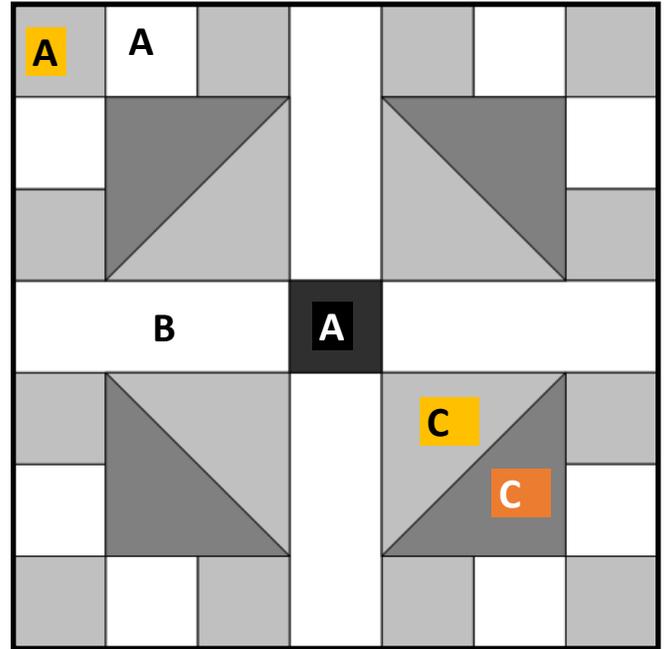

12— $2\frac{1}{4}$ " squares A

DARK

2— $4\frac{1}{4}$ " squares C

cut once on the diagonal

1— $2\frac{1}{4}$ " square A for center

For all BOMs the suggested background will be the **LIGHTEST** value.

Please suit yourself by using as many colors as you like, and/ or changing the values (i.e. The Cs could be reversed, the Med. As could be Dark, etc.). The diagram values shown are to allow you to see the different pieces.

You could sew strip sets for the As: M—Bkgd.—M and Bkgd.—M : Cut the strips $2\frac{1}{4}$ " wide by about 9" long

You could make the C/C units as HSTs: Cut 2— $4\frac{1}{4}$ " squares of each value

Place RS together into pairs.

Draw 1 diagonal line on WS of the lightest one.

Sew $\frac{1}{4}$ " away from each side of the line.

Cut on the line. Press open. Trim to $3\frac{7}{8}$ " square.

You may be able to get away with changing $3\frac{7}{8}$ " to 4".

This block will possibly come out a bit large. The squares going all around will allow you to trim it with no harm to the final design.

Trim to $12\frac{1}{2}$ " (raw edge).
