# MYSTERY BAG PROJECT

By Sunnie Malesky

What a successful event! About 40 quilts can in for sharing and are now part of the community Service donations.

The judges said it was fun to pick their favorites. Despite some complaining (which is actually part of the fun in a Mystery Project like this!) everyone made a great quilt and had a good time. See them on our Facebook page!

Requests have been coming in to make this an annual event...so it will be! Look for another project next year.

## **EDUCATION**

**By Ellen Cannon**

Classes are over for this year but there is still Demo Day on November 27!  
Plans are being made for next year, including a special Beginners level series for those who would like to learn or refresh their skills. A Stack & Whack and a collage class re in the works, plus a return of the popular Featherweight maintenance class.  
Let Ellen Cannon know what sort of classes you'd like to see us sponsor, or a teacher you'd like for All Stars to bring to this area.

## **FEATURED QUILTER**

**By Linda Marsh**

Patricia Sanders (Patti) is our Featured Quilter for September. Patti was born in Jacksonville at NAS. She lived in California from 1950 until 2010, at which time she relocated to Jacksonville. She has been quilting since 2012, and says her first quilt was a mess but she kept it. At the time she made her first quilt, she had also just begun sewing.

Patti joined All Stars in 2022 and was sponsored by member Raney Manning. She has not yet joined any committees in All Stars but looks forward to jumping in soon and supporting the guild. Her feelings about our guild are that we "welcome new members with open arms, and will help you with anything you want or need to know. The guild offers many classes to help you with developing or improving your skills. I was welcomed by my first name the first and second month I attended, which made me feel like I had always been a part of this fabulous guild."

Patti especially likes "grunge" fabric as it can be easily used for many purposes in quilts; it blends well with other fabrics, and can be used as borders, backgrounds, and sashing. She also loves Jordan Fabrics, learning from them new ways to cut and use fabrics. Jordan Fabrics also teaches how to blend various colors and fabrics together while making it look so simple.

2023 will be the first time Patti is entering a quilt in QuiltFest. It is a quilt using three different techniques or fabric. She quilted a wall quilt for her granddaughter which Patti designed with fabric her husband had created and incorporated embroidery into the quilt.

In addition to All Stars, Patti currently belongs to Coastal Quilters of N.E. Florida. Patti held three Board positions while in Coastal; Treasurer, By-Laws, and 2nd VP. She served on several committees; Hospitality, Membership, and Sign-Ups.

Patti says she “enjoys organizing, mostly in areas that help me to do something better or faster; such as my quilting room, my bedroom, my jewelry, but most of all I love to organize and re-organize my sewing room. Doing so gives me another opportunity to look at my fabric, it provides me other ideas on the uses for my sewing notions. It opens up a whole new motive for being in that room”.

Patti grew up in the foster care system in California which provided an insight as to many aspects of life; the sorrows, losses, benefits of understanding life with its wants, needs, and can't haves. She grew up in situations with abnormal family dynamics. Most people do not know that Patti “grew up in a foster home for 9 years of my youth who became a person who knew she could be anything she wanted to be. I fell into a job that I loved, Quality Assurance Engineer for Memorex Corporation. That position added to an all-ready determined personality that I could be all I wanted to be. I pushed forward; while being a divorced woman raising 3 sons on my own, working a full time job, I succeeded in getting a Bachelor Degree in Industrial Engineering. I was awarded a job as a System Engineer for Lockheed Missiles and Space Corporation (LMSC) in the development of Communication Satellites. I was employed by them for 31 years before I retired in July of 2009. I now seek to become the best Quilter I can be. Please keep in mind I had never had any domestic skills such as cooking and sewing. Cooking was something I had to do so really never had a great determination to do it whereas sewing was something I wanted to do. Thus, I am determined to learn it and with my determination and the wonderful people whom I am surrounded by to support and help me, I will succeed. Thank you All Stars for being here for me!!”

## **HISTORIAN**

**By Sandy Onsager**

I didn't start quilting until 2000 when I took a beginners quilting class in Clearwater, FL. I was quite surprised when I read the following article in the August 1996 newsletter.

The article was taken from Southern Belle Quilters' newsletter.

“ Harriet Hargrave, the quilting industry's machine quilting and applique guru, is designing a prototype sewing machine for quilters. The machine will have a larger bobbin, more space under the arm to fit a quilt, a broader bed and several more features which will make machine quilting easier.”

The article went onto say Harriet was having a hard time convincing Bernina executives there was a need and market for this type of machine. Harriet asked quilters to write to Bernina stating “you don't want a machine to embroider “Mickey Mouse” you want a reasonably priced machine which will quilt .” and the rest is history!

## LIBRARY

By Vicki Zoller

Book of the Moment— Potholders for All Seasons

It isn't too early to start sewing holiday gifts. The book Potholders for All Seasons has 19 different potholders plus a microwave bowl cozy. Wouldn't an assortment of potholders make a great gift! Many of the designs in this book would also make charming quilt blocks, too. This book comes to the library from Ellen Cannon. Watch for more of Ellen's gifts to the guild library to be featured in future Library News columns.

Some of Ellen's books will also join books set free from the Guild library and will be for sale for the low price of **only one dollar at the September meeting. Please bring correct change to purchase a book.** Lots of eye candy and inspiration await you!

## MEMBERSHIP

By Susan Sharpe

Ninety-three members attended the General Meeting held on August 21, 2023, at First Christian Church. We had four guests and three new members in attendance. The new members are: Trisha Gros, Chris Hoggatt and Sara Maguire. There are now 177 members in All Star Quilters' Guild.

Due to so many new members, please remember to bring and wear your nametag. Thank you to everyone who signed up to be a greeter for guests who come into our meeting without knowing anyone. I will send a reminder email no later than the Friday before the General Meeting to those who signed up and ask the volunteers to arrive no later than 9:30 am, choose a seat and perhaps save an extra seat for a guest; then hover near the membership table so I can connect you to the guest. Will someone please contact me to volunteer in September?

Ellen Ford is signed up, but based on experience, it is very helpful to have two ready to go! If not in September, I have openings in October (to assist Vondy Hilbert); November and December.

Regarding the T-shirt sales, I really did not anticipate that it would be so popular! Thank you to everyone who supported it; whether in thought or deed (so many who chose not to buy a t-shirt gave me words of encouragement, which was great.) For those who purchased a shirt, I hope you enjoy wearing it. I think you deserve an accounting for the project now that all payments have been collected. We sold (you bought) a total of 129 shirts and we provided \$886.46 to the Guild Ways and Means

account after payment to J&J Design. Thank you again!!

Thank you,  
Susan Sharpe

## SIT & STITCH

By Trish Egbert & Mary Anne Dennis

We have two Sit 'n Stitch dates this month, September 11 and 25.

What? September already? It's QuiltFest time! Hooray!!

We're reviving an All Star tradition. The Sit 'n Stitch after the show is QuiltFest Show and Tell. Bring something from the show to share with the rest of us. Something you bought, something you won, something you heard or saw, something that happened to you. One of the fun things about being in a guild is talking about quilting with others who know and appreciate exactly what you're talking about.

No special plans otherwise. Bring a project to work on or a problem to get advice on. Bring your sewing supplies or your cutting supplies and work on some community service quilts. Or just come keep the rest of us company. Love have ya!

### **Paula's Fine Fabrics is now Cinnamon's Quilt Shoppe - Baymeadows!**

It's true! Cinnamon's Quilt Shoppe has purchased Paula's Fine Fabrics as of August 1st! With this purchase, Cinnamon's is now a Bernina Dealer and providing service to our quilting community from TWO great locations!

Paula's Fine Fabrics location will soon be re-branded with Cinnamon's Quilt Shoppe logos. We will refer to the current Hood Road location as "Mandarin" and Paula's location as "Baymeadows".

Each location will have different merchandise. There will be some duplication in notions such as needles, scissors, rotary cutters/blades and batting, etc. but fabrics will be different in order for us to offer MORE variety to the sewing community. Mandarin will remain more traditional, while Baymeadows will be more on the modern side as they are now.

We plan to continue to provide garment fabrics and patterns at the Baymeadows location.

BERNINA repairs will continue to be available!
